- Full tables are available for \$75 for the entire show day. Only CCC members in good standing may rent table space. All sellers may sell only birds or bird related items

If you have reserved table space ahead of time, your table space is marked with your name and you may set up immediately.
- Members renting tables are solely responsible for the care and sale of their birds, as well as all funds collected. Sick or injured birds may not be offered for sale and must be removed from the sale table immediately at the request of the Show Manager and/or Sales Manager.
- If a member renting a table wants to participate in other aspects of the show, they may assign another person of their choice to sell their birds or bird related items on their behalf.
- For safety reasons, regular sized cages may not be stacked more than two high. Tall cages may not be stacked. Product may not be stacked beyond a safe and prudent level. In all cases regarding safety, the decision of the Show Manager or Sales Manager is final.
- Birds that may be included in the sale include canaries, finches and other species that are part of the finch and softbill class, and small hookbills. The sale definition of "small hookbill" is birds that are no larger than a cockatiel or kakariki. Larger birds will not be allowed.

NFSS POINTS SCEDULE

Points Schedule

Please keep in mind that in order for a softbill, finch or dove to attain points, it must be closed-banded with an NFSS or cross-registered band, and have been judged by a NFSS Panel Judge against all the birds in the Finch and Softbill Division. **Points will not be allowed in a specialty show where finches are not judged against softbills or other birds within the division.**

4th, 5th, 6th, 7th, 8th, 9th, 10th Place - NAPS Ribbons

SMALL HOOKBILL SHOW RULES

1. Birds that have bred by the Exhibitor, as well as birds purchased and owned by the Exhibitor for at least 6 months will be permitted in the judged division, and eligible for awards. Closed metal bands, open metal bands, closed plastic bands, open plastic bands, as well as no bands, are all acceptable in the small hookbill division.
2. There are no specific cage requirements for small hookbills, other than that they need to be flat topped. Cage size should be appropriate for the size of the bird entered. Plain square or small rectangular cages work best, as well as breed-appropriate show cages. The bird should be able to turn around comfortably without damaging its feathers. No heavy or ornamental cages please. Cage floor should be covered with paper or pellets. Wood shavings are not allowed.
3. All entries must be supplied, by the Exhibitor, with a sufficient amount of food and water for the duration of the show. A drinker should be attached to the outside of the cage or show box where the bird can easily access it, but where it does not impede the judge's view of the bird. Seed dispensers/dishes should be placed as to not impede the judge's view of the bird. If using a show box, seed should cover the bottom of the box. No fresh fruit or greens may be given prior to judging.
4. Exhibitors will be charged a \$3.00 entry fee for each small hookbill entered in the show. The Entry Chairman will collect these fees.
5. Check in time will be from 6 pm to 8 pm on Friday, and from 7:00 am to 8:30 am on Saturday.
6. Entry forms and tags will be provided by the Entry Chairman and must be filled out prior to entry. After the form is completed and signed, it needs to be turned in to the Entry Chairman along with entry fees. You will receive a carbon copy of the entry form. Keep this handy as you will need this copy of the entry form to check out your birds. Fill out the front of the show tag completely using the classification schedule printed in this show catalog for the proper Class, Section and Division information for each entry. Describe the bird that you have entered in the Description area of the tag.
7. The Show Stewards will review the completed information on each show cage tag and then will staple each tag closed so that the Exhibitor's name remains hidden until the judging is finished. The Show Stewards will then seal all cage doors. After sealing, the cages shall not be opened for the remainder of the show except with permission from the Show Stewards. No bird or show cage will be moved without the permission of the Show manager and only by Show Stewards.
8. Judges will preview the classifications of all birds prior to judging to ensure that correct classifications have been made. All small hookbills will be judged according to the North American Parrot Society (NAPS) standards.
9. Judging will begin at 10:00 am on Saturday. The decisions of the judges will be final. Exhibitors can view the judging provided that it is done in a non-disturbing manner. Only the Stewards and other designated show staff are permitted in the vicinity of the staging area and the show bench while entries are being judged.
10. Disqualification rules for all birds: A. Any injured or sick birds (healed injuries such as a missing toe are acceptable, but where there are two equal birds, the one who has not been injured will win.) B. Birds showing any nasal discharge. C. Birds which are wheezing or have labored breathing. D. Birds having an unhealthy appearance. E. Birds having lice or mites.
11. The winner of each division shall donate a bird for the Show Auction the following year. Donated birds should be of show quality, hatched the year of the show, and from the same lines as the division winning birds.
12. All Exhibitors are expected to help clean the show hall when the show is finished.

Disclaimers: The greatest possible care and attention will be given to all birds entered or displayed in the show and sales room. The Columbia Canary Club waives all liability for loss of or damage to the birds from any cause during the show or in transit. Furthermore, the Columbia Canary Club assumes no responsibility for claims of advertisers or the goods or services that they promote.
